## Nursing Home Administration, Sixth Edition

James E. Allen, PhD, MSPH, CNHA

The sixth edition of *Nursing Home Administration* contains essential information to prepare an individual

for licensure and employment as a nursing home administrator. This book addresses all regulatory pieces of information to provide readers with an overview of the entire process of managing a nursing facility. This edition has been updated to reflect the most accurate and up-to-date information concerning new legislation and regulations passed since the 2008 previous edition.

This textbook serves as a roadmap for studying and understanding all the various requirements: management, human resources, finance and business, industry laws and regulations, and patient care. It demonstrates how all components fit together to form the coordinated activity set required of a successful nursing home administrator.

### Key Features:

- Formatted according to licensing examination and guidelines of the National Association of Boards of Examiners of Nursing Home Administrators
- New federal guidelines to surveyors
- New resident assessment instrument
- Updated figures and tables
- New life safety code inspection processes
- New ICDM-10 (International Classification of Diseases-Modified)
- Subset of federal forms included in appendices
