COLUMNS IN EACH ISSUE

Back to Basics reviews the state of the science for core topics in neonatal care such as thermoregulation, breastfeeding, hyperbilirubinemia and gestational diabetes.

Clinical Challenges addresses issues that routinely challenge NICU nurses in their daily practice.

Educational Strategies in the NICU provides helpful background and new ideas for successful educational ventures.

Evidence-Based Practice helps NICU providers understand the science behind practice, whether it’s understanding statistics or evaluating clinical practice guidelines.

Family-Centered Care addresses the family perspective of life in and after the NICU.

Health Information Technology helps build the reader’s understanding of medical technology and its application to NICU care.

Lab Values provides an in-depth look at various lab tests used in the assessment and management of neonatal conditions.

Of Counsel helps NICU nurses understand the legal system as it relates to their practice, covering topics such as charting, being an expert witness, and giving a deposition.

Pointers in Practical Pharmacology examines research related to dosing, side-effects, monitoring and outcomes for both common and new drugs used in the care of neonates.

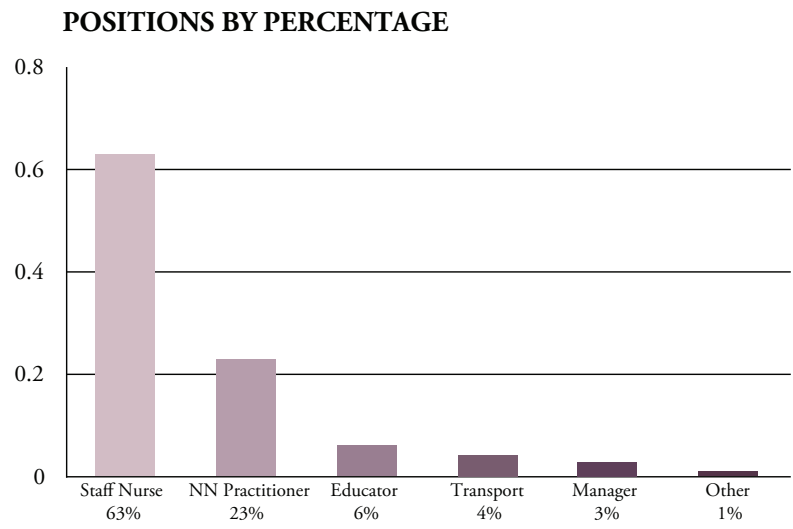

Neonatal Imaging addresses the strengths and limitations of various diagnostic imaging techniques and provides case study examples of how these techniques are used and how the results are evaluated.

e-TOC Alert

Take advantage of an opportunity to advertise in *Neonatal Network's* e-mail blast table of contents alerts sent to our opt-in list of over 18,000 readers. This alert, sent six times per year, provides a detailed summary of each new issue of the journal as soon as it is available online.

The e-TOC offers two ads spots for a 468X60 leaderboard and footer. The leaderboard is placed directly above the content listing in the email and a footer is placed directly below the summary of each issue. These alerts have some of the highest click-through rates of all *Neonatal Network* products.

NEONATAL NETWORK[®]

THE JOURNAL OF NEONATAL NURSING

Official Publication of the Academy of Neonatal Nursing TM LLC

Neonatal Network: The Journal of Neonatal Nursing is published six times a year and offers the latest information on neonatal nursing practice. Articles on current developments in neonatal care and in evidence-based practice serve as a catalyst for discussions concerning today's critical issues.

Neonatal Network: The Journal of Neonatal Nursing is the official publication of the Academy of Neonatal Nursing (ANN). Since its inception in 2001, ANN has grown to include almost 8,000 members. ANN's mission is to provide quality education and programs at a reasonable cost to healthcare professions. ANN achieves this mission through the publication of the journal, which includes continuing education articles, two educational conferences per year, educational grants, online education, and the membership newsletter.

The 2021 Educational Conferences

- The National Advanced Practice Neonatal Nurses Conference, to be held at the Hilton Hawaiian Village in Honolulu, Hawaii from April 15-18, 2020, with an expected attendance of over 700 advanced practice and neonatal nurses.
- The National Neonatal Nurses Conference and the National Mother Baby Nurses Conference, to be held at Bally's Hotel in Las Vegas, Nevada from September 9-12 2020, with an expected attendance of over 1,500 advanced practice, neonatal, and mother-baby nurses.
