Receive $100 if your photo appears on the cover!

*Neonatal Network*® is seeking images of infants in neonatal intensive care settings for the cover of the journal. Do you have photographs that you have taken on your unit that you would like to share?

We prefer high-resolution (300 pixels per inch or higher) digital files in JPG format. Digital images can be e-mailed to dosborne@springerpub.com with “Cover Photo Submission” in the subject line.

We also accept photographic prints and digital images on CDs. To submit photographic prints or digital files, please place them in a well-protected envelope and mail it to:

Diana Osborne
Springer Publishing Company, LLC
11 West 42nd Street, 15th Floor
New York, New York 10036

Submissions should include a cover letter with your name and contact information, the name of the infant, and the name and contact information of the parent or guardian. Submissions must include a Cover Photograph Release Form (available at www.springerpub.com/nn). This form requires a signature from the parent(s) and photographer and gives us permission to use the picture in our publications. Please submit this form along with your photograph. Because this form requires a signature, please mail to the address above, or fax to 212-941-7842.

Please keep in mind that all photographs must meet standards of developmental care and commonly accepted standards for patient safety in the NICU.

If we decide to use the image for a cover, an updated photo for the inside of the journal will be requested closer to the time of publication.

**CALL for COVER PHOTOGRAPHS**
